

## Grade boundaries – June 2014 exams

### A-level

Here you can see the scaled mark **unit** grade boundaries for A-level AS and A2 units.

Most A-level units comprise one component so no scaling is necessary: the scaled mark grade boundaries are the same as the raw mark grade boundaries.

#### **Units comprising two components**

Where a unit consists of two components, their marks sometimes need to be scaled before they are aggregated to the overall unit-level. In these instances only the grade A and E scaled boundary marks are shown for each component as only these are set by the awarding committee. These scaled marks are then added to obtain unit-level grade A and E boundaries, at which point the intermediate grade B, C and D boundary marks are calculated for the unit as a whole (including the grade A\* conversion points for A2 units). Where both unit and component grade boundary marks are reported, the unit is listed first, followed by its components (shaded and italicised).

Information on uniform marks can be found on the [Uniform mark scale \(UMS\)](#) page.
