
AQA and Third-Party Copyright

For confidentiality purposes acknowledgements of third-party copyright material are published in a separate booklet rather than including them on the examination paper. All papers which include third-party copyright material are listed in this booklet arranged alphabetically by subject. Where a paper has more than one edition the acknowledgement will appear separately under each unit. Please assume that any examination papers or items within examination papers which are not listed in the booklet are purely the copyright of AQA.

We publish a booklet after each examination series and it is made available on the AQA website at www.aqa.org.uk.

Permission to reproduce all copyright material has been applied for. In some cases, efforts to contact copyright-holders have been unsuccessful and AQA will be happy to rectify any omissions of acknowledgements.

The AQA Copyright Teams can be contacted by email copyright@aqa.org.uk

How to find an acknowledgement

Each acknowledgement is listed first by subject and then under the unit number of the examination paper in which the copyright material appears. Where an examination paper has more than one document associated with it, each document is given with its separate acknowledgements.
