
Entry fees and other charges 2019/20

Version 1.1 issued September 2019

Guidance on our fees and when they apply.

Fees quoted are accurate at time of publication. AQA reserves the right to amend fees at any time and will notify changes in any subsequent versions.

Providing high quality assessments that are fair, reliable, and support students in their educational journey

Everyone has the potential to achieve, so we make sure that our qualifications give all students the opportunity to show what they can do and progress to the next stage of their lives. Our qualifications are designed for students of all abilities and are highly valued by employers and universities and taught in more than 40 countries around the world.

We are the largest provider of academic qualifications taught in schools and colleges. We work with around 27,000 teachers, lecturers, subject experts and academics who help set and mark our exams.

Born out of five leading universities, we have over a century of qualifications expertise. Our predecessor exam boards came into existence to provide an opportunity for young people from a range of backgrounds to access education and make the most of their potential. This commitment to social mobility remains at the heart of AQA's charitable purpose, which is to advance education by enabling teachers and students to realise their potential.

As an independent charity, any income we make gets invested back into qualifications and assessment. This enables us to offer a broad range of qualifications and to protect the integrity and security of our assessments. It also funds other educational services, such as assessment research that benefits teachers and students.

2019/20 exam fees

We provide market-leading specifications and first class support services that are excellent value for money. All our fees include a comprehensive support and training package for teachers. Our overall aim is to keep our prices competitive, while taking account of the changes to the exam system and regulation which are leading to increased costs.

As a result, this year we've applied a flat fee increase across all our qualifications. This means fees for some subjects are still higher than others, eg for subjects with comparatively low entry levels or higher delivery costs. This approach helps us to offer schools and colleges as wide a choice of subjects as possible. It also secures the future of our qualifications by enabling us to invest in processes to improve how we produce question papers and enhance the security and integrity of the system.

Supporting good teaching and learning

We enable great teaching and learning by investing in our qualifications and a wide range of resources, support and services through our family of companies, Exampro, Testbase and Teachit.

Exampro and Testbase question banks have been used in primary and secondary schools throughout the country for more than 20 years. Exampro provides teachers with easy access to AQA past questions and ready-made resources for use in school-based assessment. MERiT enables schools to make the best use of AQA mock exams with useful comparative performance data and reports.

Through Teachit, teachers can access an online library of free pdf resources created by teachers, for teachers.

Basedata

Basedata is specification, fees and timetable information in the inter-board common format. It is designed to be imported into school or college administration software. Please see aqa.org.uk/basedata

Entry deadline

The final date for entries to be received by us before additional charges are applied.

Entry fee

The fee is charged in full for each entry.

Late entry fee

Charged for each entry for a **new** student received after the entries deadline for each exam series. This fee is 100 % of the original entry fee and is in addition to the entry fee.

Very late entry fee

Charged for each very late entry for a **new** student received from the date specified for each exam series (see table of key dates on page 5). This fee is 150 % of the original entry fee and in addition to the entry fee.

Amendment fee

Charged for each amendment to entries for an **existing** student made from the date specified for each exam series (see table of key dates on page 5). This fee is 100 % of the original entry fee and is in addition to the entry fee for any new entry.

Withdrawn students

Entry fees will be refunded for each entry withdrawn by schools/colleges before the date specified for each exam series (see table of key dates on page 5). **Late, very late and amendment fees are not refunded.** No refunds are made for those withdrawn after these dates (except on medical grounds, where partial refunds will be considered) or where students are simply absent from the exam. Any request for a partial refund of fees must be accompanied by satisfactory supporting medical evidence. Fees paid cannot be carried forward from one exam or series to another.

Late awards (aggregations)

Subject award entries will be accepted without additional fees during the four week period immediately following the publication of results until the closing date for review of results (previously known as enquiries about results).

Retrospective or very late awards

After the closing date for review of results (four weeks after the results are published) requests for an award (aggregation) in that series or any previous series will incur an additional fee of £48.00 per student per subject award to be aggregated.

Table of key dates

Below is a table of key dates for exam series and the dates on which fees will be applied and charged.

NB: June GCSE entries must be entered for linear assessment, ie each individual unit entry **and** the Award entry.

Transferred students

Where a student takes an exam at a 'host' school/college, ie not the school/college at which he/she is entered, a transferred student fee is charged for all components per student.

Transferred student group request fees only apply if all students in the group are being transferred to the same 'host' school/college.

The table below shows the deadlines for transferred students.

Please note: **late requests will be charged at 100 % in addition to the regular fee** as stated on page 4.
