

Grade boundaries – June 2016 exams

AQA Certificates

This document presents grade boundaries for these specifications.

For the Further Mathematics (8360) specification (which does not use uniform marks), the subject-level grade boundaries are shown followed by the associated component-level boundaries for the judgemental grades only (shaded and italicised).

For all other qualifications that use uniform marks you can see the component grade boundaries.

Additional information on grade boundaries and uniform marks can be found [here](#)
