

## Grade boundaries – June 2017 exams

### ELC

Here you can see the grade boundaries for the ELCs.

For all subjects except the new Step Up to English specification each subject consists of one component and these are raw mark grade boundaries.

**For the Step Up to English specification**, each subject, Silver Step (5972) and Gold Step (5973), comprise two components where the raw grade boundary marks need to be scaled before they are aggregated to the overall subject-level. Here, the subject grade boundaries are shown first followed by the component grade boundaries (shaded and italicised).

Additional information on grade boundaries and uniform marks can be found [here](#)
