Grade boundaries – November 2016 exams

GCSE

This document presents grade boundaries for GCSE.

For qualifications that use uniform marks you can see the unit grade boundaries. For units which comprise one component these are raw mark grade boundaries.

For the linear Mathematics (4365F/H) specification (which does not use uniform marks), the subject-level grade boundaries are shown followed by the associated component-level boundaries for the judgemental grades (shaded and italicised).

Additional information on grade boundaries and uniform marks can be found here
