

Grade boundaries – June 2018 exams

GCSE Reformed (subjects which use the 9 to 1 grade scale)

This document presents grade boundaries for the new reformed GCSEs which use the 9 to 1 grade scale.

The first section presents subject grade boundaries for single award specifications and the second section contains the subject grade boundaries for the Combined Science double award specifications.

In the third section, notional component grade boundaries are also presented but these are for illustrative purposes only. A guide to notional component grade boundaries in the new linear qualifications can be found [here](#).
