

# **A-level Art and Design (7201–7206)**

## **Teacher standardisation example work index**

Every year we hold live exhibitions of students' work showcasing different approaches from schools and colleges around the country. The exhibitions cover all six titles with a range of marks at each level.

The examples can support your teaching, be shown to students and help you standardise work.

To help you find the examples you need the tables below identify which title, component, set and mark is available in each of the standardisation books on Centre Services. You can find the books by using the standardisation filter.
