MOTOR CAR PROSECUTION AT EXETER.

At the Exeter Police Court yesterday, Leonard Willey, electrical engineer, of 12, Oxford-road, Exeter, was summoned for furiously driving a motor-car down Forestreet on the 12th inst.—P.C. Bradford said he was on duty on Saturday afternoon near St. Olave's Church, when he saw defendant pass him driving a motor-car. At that time he was driving at a moderate rate, but he increased his speed to about 15 miles an hour. This speed he kept up all the way down the hill, slackening a little when he arrived at the bottom. There were several vehicles about at the time.—Blanche Smith, of Alphington, corroborated. —Defendant denied the offence. He estimated the speed down the hill at about six miles an hour. To prove this, defendant said he had speeds on his machine—four, eight, and twelve miles an hour, and he was going less than his second speed. —Miss Theenwisson, a young lady who accompanied defendant in his motor, also denied the offence. —The Bench considered the case proved, and imposed a fine of 10s. and costs.

**WONDER DOG**

Once upon a time there was an ordinary family: one Mum, one Dad, an 11-year-old girl called Molly, a little baby boy called Jake and, of course, not forgetting a totally normal dog, or so they thought.

The dog was called Buster and was a loving kind golden retriever. One of his many talents was swimming. He was also an extremely fast runner.
