

Get the complete package with AQA

Be part of the biggest MFL community and teach our new GCSE Languages specifications with complete confidence. Discover quality assessments, designed by experts, as well as fantastic support, resources and events. We've got you covered.

1

Expert assessment resources

More MFL teachers choose AQA for a reason; with the biggest community comes the biggest support package. Our fantastic support and resources on offer include:

- Item commentary booklets.
- Marked example student work, including detailed examiner commentaries.
- Additional Sample Assessment Materials (SAMs).
- Additional practice questions for new tasks.
- On-demand training on applying the mark schemes to give you additional insight into how our question papers work.
- Hints and tips for learners on exam technique posters.

2

Teaching and planning

Use our expertise, support and teaching resources to bring languages to life in the classroom:

- Switching guides.
- Options evening resources.
- Grammar requirements resource.
- Guidance for teaching mixed ability classes.
- Interactive subject specific vocabulary lists.
- Audio vocabulary resources.
- Tiering guide.
- Sample lesson plans, focusing on equality, diversity and inclusion (EDI).
- Fully editable suggested schemes of work for KS3 and KS4 to suit your own preferred approach.

3

Free events and eLearning

Join our experts for free, online sessions and improve your knowledge and classroom confidence:

- On-demand online training for conduct of the Speaking tests.
- On-demand Prepare to Teach events.
- eLearning modules focusing on different topics and themes.
- On-demand mark scheme guidance and application.

4

Oxford University Press (OUP)

OUP's French, German and Spanish resources have been carefully planned to match with the new AQA specification. Featuring engaging, culturally rich and inclusive content, the OUP resources also include:

- Differentiated Higher and Foundation Student Books and Kerboodle online books.
- Assessment and practice questions for all skills including dictation and reading aloud.
- New and improved Kerboodle online resources.

5

Exampro

Exampro is an essential exam preparation tool for teachers. Access Exampro and discover:

- Question banks.
- Example responses.
- Reports.

"It saves you time and makes sure your students have targeted exam practice"

- Bertram Richter, Head of Languages, Tile Hill Wood School and Language College.

6

Promoting the value of language learning

To help you promote languages in your school/college, have a look at our resources which include:

- Why study languages? New resource for learners and parents highlighting the values of a language qualification.
- Motivational classroom poster on why learning another language is so important.
- Case study with ideas for raising engagement during a languages week/event.
- A careers leaflet - some handy careers links showing how an additional language can lead to a whole range of exciting and varied careers.

7

Timeline and checklist:

To help you take confident steps towards first teaching this September and help your learners achieve the results they deserve, turn the page to discover our at-a-glance, time-saving checklist...

Get ready for the new language GCSEs

Follow our checklist and be ready for first teaching of the new French, German and Spanish specifications.

Spring 2024

- Get to grips with the grammar requirements of the new GCSEs with our **handy resource**.
- Encourage your learners' love of languages with our suite of **options evening materials**.
- Understand the new content and how it will be assessed by attending a free **Prepare to Teach event** - online or at a location near you.
- Access our **interactive vocabulary list** and explore the audio vocabulary bank.
- Register for **OUP's Evaluation Packs**. OUP's Student Books (subject to approval) available from March.

Spring 2025

- Bring equality, diversity and inclusion (EDI) discussions to the classroom by downloading **sample lesson plans** that focus on areas where there is an opportunity to explore this topic.
- Gain deeper insights into the new topics and themes with our **convenient eLearning modules**.

Summer 2025

- Get your learners exam-ready with our **hints and tips posters** focused on exam technique.

Summer 2024

- Finalise your **schemes of work** (using our suggested versions as a starting point).
- Get tips for teaching mixed ability classes with our **helpful guidance**.

Autumn 2024

- Gain greater assessment insights through **additional marked example student work** and detailed commentaries from senior examiners.
- Support your learners' preparation with our **additional SAMs**, designed for use as Y11 mock exams.
- Discover **additional practice questions** for the new assessment tasks.
- Get familiar with marking with our **mark scheme guidance and application eLearning** and practice marking for the new specifications.
- Learn about the conduct of the speaking tests at a time that suits you, with our **free, on-demand online training**.
