

Host centres for GCE Modern Foreign Language speaking tests

GCE French (7651/7652) GCE German (7661/7662) GCE Spanish (7691/7692)

Summer 2024

Host centre

- A school or college that is willing to allow students from other schools or colleges to be assessed at their school or college. They supply the room and equipment for all the students being assessed. They liaise with the visiting examiner and visiting school or college to decide a convenient date and time for all students taking the tests at their school or college. Host centres and visiting schools or colleges should work together to arrange a suitable date for the tests.
- Host centres co-ordinate the timings of the tests, taking into account all candidates from visiting schools or colleges.
- Host centres are responsible for supplying the appropriate accommodation and equipment, for example the waiting room, preparation room, testing room.
- On the day of the test the host centre should make the examiner aware when all candidates are present.

Visiting centre

- A school or college whose students have to be tested at a host centre in their area because they have fewer than 8 students for any language, across both specifications. The students are escorted to the host centre by a responsible adult, who should take with them the attendance list for their school or college.
- Visiting schools or colleges will need to give correct information about their students' entries to the host centre before the test date is confirmed with the visiting examiner.
- Visiting students should report to reception on arrival at the host centre on the day of the tests and will then be shown to a waiting area.
- Entries for students having to take their tests at a host centre should be made by their own school or college and not by the host centre.
