

Exampro helps you teach the current AQA specifications and KS3 maths

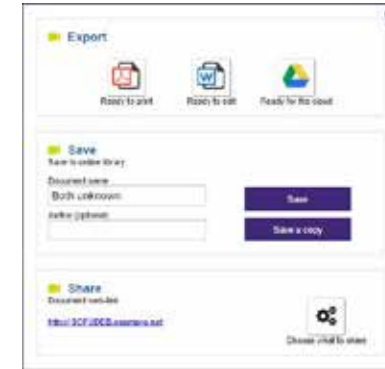

1 Search by a range of criteria to find the questions you need

2 Create your test, homework or revision task: simply drag and drop

3 Share with others: print, email or project in class

Mock reports

MERiT is the reporting tool to use with AQA mocks. MERiT is just £50 and mark entry is available for recent GCSE papers as well as the Level 2 Further Maths Practice Papers and Exampro's GCSE Maths Half Term Tests.

NEW
Level 2 Further Maths Practice Papers available in MERiT

Easy to use

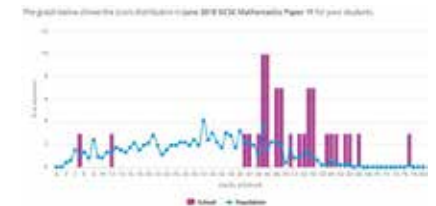

Enter marks using MERiT's simple interface or spreadsheet upload.

Name	%	1	2
Abadi, Boris	100	Green	Green
Adeboye, Dorothy	-	Yellow	Red
Allen, Benjamin	-	Yellow	Yellow
Amez, Ruben	-	Yellow	Yellow

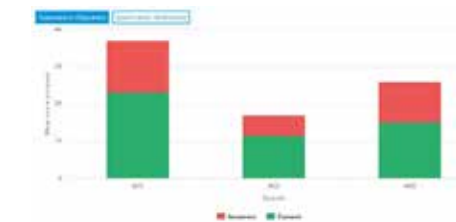

Population comparison

See how your students compare with those in other schools.

Target interventions effectively

Identify your students' strengths and weaknesses with individual, group and cohort reports.

Annual subscription to a searchable bank of AQA exam questions with examiner comments and associated resources.

Save time and easily create differentiated in-class activities, homework tasks, topic tests and revision exercises.

Students are better prepared when they practise real questions throughout the course. They will learn how best to answer each question to avoid common mistakes and maximise their score.

You can be confident in the knowledge that all questions come from AQA and are mapped to the current specifications.

GCSE Mathematics	✓	✓				✓
Level 2 Further Mathematics			✓			✓
AS and A-level Mathematics				✓		
AS and A-level Further Mathematics				✓		
Level 3 (Core) Mathematics					✓	

It gives you the ability to pull together a range of questions on a topic quickly and easily.

Catherine Hogben,
Director of Maths

Excellent resource for all parts of teaching from starters and plenaries to topic tests and revision.

Chris Stott,
Maths Teacher

The search tool allows you to find specific topics and types of question which is really handy. Exampro is a massive time-saver, allowing me to create resources quickly that are tailored to the needs of my classes.

Farah Elemara, Teacher of Mathematics

In a recent survey, 99% of our customers said they "would recommend Exampro to another teacher".

99% of teachers agree that "Exampro saves time".
