

## Post-16 GCSE Maths resits: Study routes for students

## Student receives GCSE results Those receiving a grade 3, must resit the GCSE. Those receiving grades 1-2 can choose an approved stepping stone qualification, such as Functional Skills Mathematics Level 1 (8361) or Level 2 (8362). This is necessary in order to secure funding for their chosen FE course. Assess student's skills AQA has a range of resources that can be used to assess a student's strengths and weaknesses at the start of your post-16 teaching, including basic skills assessments, specimen assessment materials, mock exam analysers and a suite of diagnostic questions. Student has a small number of skills gaps Student shows several skills gaps and Student shows large number of skills or was close to grade 4. requires further study. gaps and is not ready to resit GCSE Maths (those with grade 1 or 2 only). Study GCSE Maths over one year Use our teaching resources to plan and deliver your teaching over one year: **Enter student for GCSE Maths** Choose approved stepping stone November resit • one-year route map and accompanying qualification, such as Functional Use our revision resources to recap teaching guidance Skills Mathematics Level 1 (8361) or essential topics and prepare your student · basic skills assessment Level 2 (8362). for their exams: Use our range of resources to support AO2 and AO3 guidance document basic skills assessments your teaching: practice papers revision checklists teaching guidance mock exam analysers. practice papers · worksheets and task sheets Further revision resources to help prepare mock exam analysers past papers your students for exams: topic tests. · mark schemes. revision checklists topic tests.
