GCSE

PHYSICAL EDUCATION

Paper 2:
Socio-cultural influences and well-being in physical activity and sport

8582/2

Friday 18 May 2018     Afternoon

Time allowed: 1 hour 15 minutes

At the top of the page, write your surname and other names, your centre number, your candidate number and add your signature.

[Turn over]
For this paper you may use:
• a calculator.

INSTRUCTIONS

• Use black ink or black ball-point pen. Pencil should only be used for drawing.

• Answer ALL questions.

• You must answer questions in the space provided. Do not write on blank pages.

• Do all rough work in this book. Cross through any work you do not want to be marked.
INFORMATION

• The marks for questions are shown in brackets.

• The maximum mark for the paper is 78.

• Questions should be answered in continuous prose. You will be assessed on your ability to:
  – use good English
  – organise information clearly
  – use specialist vocabulary where appropriate.

DO NOT TURN OVER UNTIL TOLD TO DO SO
Answer ALL questions.

Only ONE answer per question is allowed.

For each answer completely fill in the circle alongside the appropriate answer.

CORRECT METHOD

WRONG METHODS

If you want to change your answer you must cross out your original answer as shown.

If you wish to return to an answer previously crossed out, ring the answer you now wish to select as shown.
Which ONE of these is an example of extrinsic motivation? [1 mark]

A  Personal achievement
B  Praise
C  Pride
D  Self-satisfaction

[Turn over]
Which ONE of these performance enhancing drugs is taken to reduce heart rate? [1 mark]

A  Beta blockers
B  Diuretics
C  Peptide hormones (EPO)
D  Stimulants
How much fat should a balanced diet contain? [1 mark]

A 15–20%
B 25–30%
C 35–40%
D 55–60%
Which ONE of these is an example of indirect aggression? [1 mark]

A  A boxer punching an opponent

B  A judo performer throwing an opponent

C  A rugby union player making a (high) tackle with force

D  A tennis player hitting a shot with power
Which ONE of these activities is most suited to an introvert? [1 mark]

A Association football

B Basketball

C Canoeing

D Rugby League

Milo is having beginner lessons from a golf coach at a local club. He has been completing a putting test every week to assess the accuracy of his putting skills. The test is taken over 100 putts.

On completion of the putting test in week 4, he was then asked to set his own target score for week 5. TABLE 1 shows the results of tests and the target score set for week 5.
### TABLE 1

<table>
<thead>
<tr>
<th></th>
<th>Week 1</th>
<th>Week 2</th>
<th>Week 3</th>
<th>Week 4</th>
<th>Target score week 5</th>
</tr>
</thead>
<tbody>
<tr>
<td>Successful putts</td>
<td>22</td>
<td>30</td>
<td>36</td>
<td>38</td>
<td>64</td>
</tr>
</tbody>
</table>

Plot the information shown in TABLE 1 on the graph paper, on page 19, to show the results from the putting tests and Milo’s target score.

Label the axes and join up the points to make a line graph. [2 marks]
Analyse the information in TABLE 1, on page 17. Identify TWO ways Milo can make his target score for week 5 ‘SMART’. [2 marks]

1

2

[Turn over]
Explain why the golf coach may use performance goals to help motivate Milo to improve his score in week 5. [2 marks]

Explain why the golf coach would use the following types of guidance to improve Milo’s performance:

- visual
- manual. [4 marks]
Visual

Manual

[Turn over]
In 2016, 136 Russian track and field athletes were banned from competing at the Rio Olympics due to evidence of widespread use of performance enhancing drugs (PEDs) and blood doping.

Describe the process of blood doping. [3 marks]
Explain how blood doping could improve the performance of a marathon runner. [3 marks]

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

[Turn over]
State THREE negative side effects that an athlete may suffer as a result of blood doping. [3 marks]

1. 

2. 

3. 

Suggest the negative impacts that Russia’s ban at the Olympics may have had on the sport of athletics. [4 marks]
