LA RECONNAISSANCE FACIALE

Lisez ce passage sur la reconnaissance faciale.

L'intelligence artificielle qui reconnaît un individu selon son visage devient une partie importante de notre vie quotidienne. Contrôle dans les aéroports, surveillance fréquente dans les collèges et même dans certains supermarchés ... les applications se multiplient dans les espaces publics, posant plusieurs questions et provoquant parfois une réaction hostile chez les citoyens. Un quart des Français disent qu'ils s'inquiètent de cette technologie qui menace leur liberté. Les politiciens et les experts, également, constatent que la reconnaissance faciale comporte de nombreux défauts. Presque tout le monde pense que cette technologie doit être adoptée avec précaution car elle n'est pas encore totalement fiable.

Traduisez les phrases en français.
