

Teacher Resource Bank

GCE Product Design (Textiles)

Resources List

Updated for 2011

These suggestions are offered to help teachers find relevant information about the specification content - it is not necessary to purchase every book on the lists, and important to remember that there are many equally good texts not listed here.

New books and resources are published and up-dated regularly.

R D Franks bookshop at 5 Winsley Street, London W1W 8HG (www.rdfanks.co.uk) is a treasure trove of textiles books and magazines. Searching through the Amazon website will also show a wide range of different titles.

The lists are organized in groups according to their relevance to different areas of the specification so there is some overlap of titles.

Information about materials and components

Title	Author(s)	Publisher	ISBN
Technology of Textile Properties	Marjorie A Taylor	Forbes Publications	0 901762 82 2
Techno Textiles	Sarah E.Braddock & Marie O'Mahoney	Thames and Hudson	0-500-28096-7

Information about fashion and design

There are too many texts about the history of fashion to list here; these are some of the more widely known books from authors who are recognized experts in the field. Some will be out of print but it may be possible to find them on sellers' websites. New titles are published regularly and teachers are advised to study inspection copies before deciding on a purchase.
