

Get the most out of Project Q

Project Q is the only project management tool you need - it provides tailored workflow that simplifies the admin tasks of the EPQ and is free to AQA customers. Project Q delivers time-saving support and real-time interactions with your learners and their EPQ progress – no more deadline chasing, multiple email reminders and stress keeping track of all the different projects!

See how easy using **Project Q** really is.

Watch the training video

Watch our video to see how to get started using Project Q.
